HEALTH

Seller states the puppy you are purchasing is healthy at the time of sale. Once the puppy leaves the seller's premises, it is under the buyer's control. Notice of any problem with puppy must be received within 5 days in the manner described below. Most puppies have worms and possible parasites; however we treat them for intestinal parasites. Fleas, worms and parasites must be medicated for prevention and will need to be continued for the life of the dog.

1. Buyer agrees to have the puppy examined by a veterinarian within 5 days from the time of the purchase. If this vet establishes a major life threatening problem (internal, external parasites and kennel cough excluded) with the puppy upon initial examination, puppy needs to be returned immediately. We take the puppy for a second opinion and if the vets are in agreement we will replace the puppy with one of same gender and colour as soon as one becomes available.
2. Puppy is guaranteed for 5 days from date of purchase against infectious diseases such as Parvo, Corona or Distemper.
3. Puppy is guaranteed for 1 year from date of birth against life threatening genetic defects.
4. All veterinary expenses and/or shipping are the responsibility of the pet owner.

RETURNS

Seller will consider a replacement puppy only if the conditions detailed in the Health section are met.

To return a puppy notify us by phone prior to return. The original vet report and registration papers must be returned with the puppy.

Buyer will be given a replacement puppy of comparable size and value (if replacement puppy is not available at this time, Buyer will be given a voucher for puppy and notified when a comparable puppy is available).

There will be no guarantee made as to disposition, conformation, size, colour or breeding ability of this puppy.

In the event of the death of the puppy within the time period of 5 days before you take the puppy to a vet, an autopsy must be performed. If the puppy died of natural causes, a replacement puppy will be provided. However if trauma or neglect is found to play a role in its death no replacement puppy will be provided.

If at any time you can no longer care for this puppy and do not have a home for them we request to be notified and puppy returned to us. We don't want any of our puppies going to shelters or unsuitable homes.

I have read, understand, and agree to these terms and limitations. I consider this to be a legally binding document.
